KNÍVES OUT IN TAMMANY.

Indications that Some of the Braves Will Fight a Gilroy Ticket.

TO KILL OFF THE NEW BOSS.

Riva's for the Leadership Will Make No Effort to Save Him from Himself.

DEFEAT WOULD DEPOSE HIM.

And That Might Seat Either County Clerk Purroy or Grant in. Croker's Vacant Chair.

Tammany Hall politics are in a had way just now, and Tammany's county ticket is likely to meet with severe treatment at the hands of the factions created by Mayor Gilroy's seizure of the leadership.

will be prepared for the convention by Mayor Gilroy, Police Commissioners John C. Sheehan and James J. Martin, Police Justice Barney Martin, Excise Commissioner Dalton, Corporation Counsel Clark, Sheriff Sexton and perhaps one or two others of the faction known as Gilroy's clique, nearly all of whom are office-holders.

There may be very little opposition to such a ticket in the Convention. The opposition will come after the candidates

are named and at hte polls.

This is Gilroy's first campaign as Boss of Tammany, and if the ticket he selects is snowed under Mr. Gliroy's leadership is apt to come to a sudden end. Tammany likes a successful leader, but it has no use for an unsuccess hat is the reason Mr. Croker retired while there was still a chance to preserve some of his laurels. He could see nothing but defeat ahead, and re-

see nothing but detest ahead, and retired.

Now, if Gliroy's ticket can be turned down, his rivals for the leadership argue, that will mean the end of Gliroy and the beginning of somebody eise.

Among Mr. Gliroy's bitter rivals for the leadership of Tammany is County Clerk Henry D. Purroy, and ex-Boss Croker's personal following in Tammany is with Purroy. It includes such workers as Sullivan, Scully, Boyle, Scannell, Deimore, Shea, Dunn, Featherston and Keating, all of whom have expressed more or less disastistaction with Gliroy's official and political actions.

Grant are not inclined to interfere to save Gilroy from himself at this interesting period. It is said that they have practically agreed between themselves that this is an off year for Tammany, and that while there is very little chance for saving anything from the wreck it would be a good thing to let Gilroy and his clique go down with it.

So it is pretty certain that they will not interfere with Gilroy's plans for a ticket, or work themselves into a perspiration trying to elect it. They may give it passive support, it is said, but not that active, enthusiastic, rush-around-and-get-out the vote sort that characterized them when Croker was boss.

In view of this condition of affairs, the union ticket, with the proper man at the head, ought to win in a canter. DEMOCRATIC HEADQUARTERS.
